Minimal information

Click Detail View to verify specifications and review more information about an item.

If you are ready to choose a TMDE item for acquisition using only minimal information, click the box to the right of the listing. After you have selected all of the items you wish to request, click Request Acq Approval; this will create or add the items to an open request and initiate DA Form 4062(s).

Note * If no TMDE is found on the list, then click on Acq Requests then New Requests.**

Click the box under "Selected Item By" and then choose Model. Using the second box scroll down to find the model number of the TMDE that maybe suitable for your acquisition.

Upon finding suitable TMDE for your mission and acquisition, click Request Acquisition Approval to create/add the item to an open request and DA Form 4062.

If you did not find suitable TMDE for your needs and there are no open requests pending, click New Request

Then Add to include an item manually to an open request.

After you click Request Acquisition Approval on the Equipment list or New Request on this page, a new request and tracking number(s) will be generated. A specific request previously entered may be reviewed by entering or selecting the tracking number.

Click red arrow to expand information about each requested item and complete as necessary.
