

## GENITOURINARY CYSTOSCOPIC TOC

ACMI CORP.

MODEL# SMGCK

Manufacturer's PHONE: (203) 328-8693 FAX: (203) 328-8717

Website: <http://www.circoncorp.com>

AAC "J" ITEM NSN 6545-01-497-6841

UA's: F301, N342, N542, N742

USAMMA POC: Customer Relations Management, 301-619-4301/4316, DSN 343-4301/4316

UNIT PRICE: \$31,995.00

**System Description:** Although cystoscopy has been performed for many decades, the appearance for the cystoscopes with a rod lens system and a fiberoptic light supply with a high-intensity light source greatly improved cystoscopic visualization. The Genitourinary Cystoscopic Kit has many adapters and options available for the trained professional.

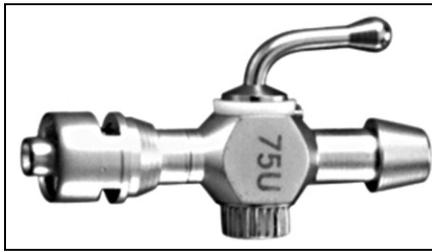

**Light Source:** The ALU-2B Halogen Light Source is similar to the ALU-1B system, with the addition of dual lamps and a graphical intensity display. This light source is ideal for all endoscopic procedures and has a backup, preinstalled 150W halogen lamp for zero down time performance.

### Special Features:

1. Light guide turret: Accepts most popular light guides without need for adapters
2. Dual lamps: Provides zero downtime
3. Graphical intensity display: Provides visual lamp intensity adjustment

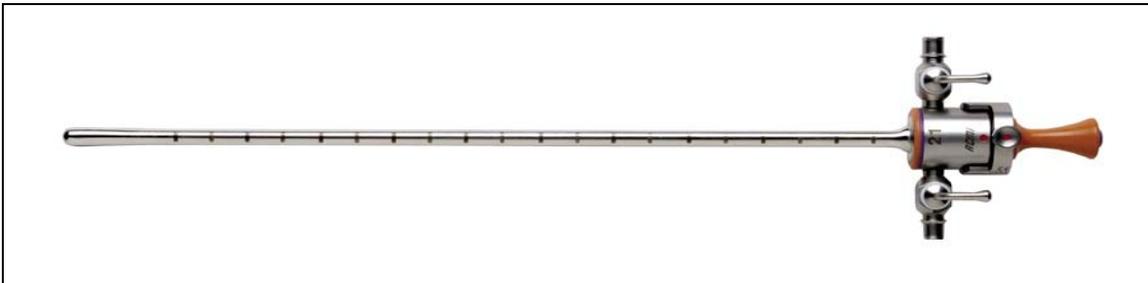

DUAL LAMP LIGHT SOURCE
