COMPONENT LIST/HAND RECEIPT*

DENTAL EQUIPMENT SET
DENTAL HYGIENIST FIELD

NSN: 6545-01-529-4225

LIN: D39228

*THIS PUBLICATION IS AN INITIAL SET

HEADQUARTERS, DEPARTMENT OF THE ARMY

30 MAY 2006

DISTRIBUTION STATEMENT, A Approved for publication release; distribution is unlimited

SECTION I - INTRODUCTION

1. GENERAL.

a. This catalog provides an alphabetical listing of Dental Equipment Set, Dental Hygienist Field.*

b. The component listing/hand receipt is identified by a four-segment symbol:

- (1) The first segment (SC) indicates Supply Catalog.
- (2) The second segment (6545) identifies the Federal Supply Classification (FSC).
- (3) The third segment (8) identifies the compiler.
- (4) The fourth segment (D91) distinguishes the SKO from others in the same FSC.

c. The title *SKO* is authorized by The Army Authorization Documents Systems (TAADS).

d. The term *SKO* in the SC introduction will be replaced by the specific title for each SC (i.e., MES, DES, MMS, etc.).

e. This Catalog is not an authorization for requisitioning NSN 6545-01-529-4225. Modification Table of Organization and Equipment (MTOE) or other Department of the Army (DA) authorization document(s) may requisition components listed in quantities indicated when the set is authorized.

2. PURPOSE.

This SC provides initial allowances and quantities of supplies and equipment necessary to provide a dental hygienic capability on an area basis. This constitutes the minimum basic load to sustain this SC.

*This is an initial set.

3. RESPONSIBILITY.

a. The Surgeon General (TSG) is responsible for the overall management of the Medical Equipment Sets (MES) and the Dental Equipment Sets (DES) for the Army and also approves the composition of the major MES/DES. Additionally, TSG is responsible for planning, programming, and budgeting for the initial issue of selected MES/DESS to the active Army and or all procurement-appropriation-funded medical equipment, regardless of whether it is in an initial issue or replacement.

b. The U.S. Army Medical Department Center and School (USAMEDD C&S) designs, develops, and recommends the composition of MES/DES, Medical Supply Planning Modules (MSPM), and Optical Resupply Sets (ORSS).

c. The U.S. Army Medical Materiel Agency (USAMMA) coordinates requirements with the Defense Supply Center Philadelphia (DSCP). The USAMMA also performs staff-management actions as directed by TSG and as outlined in AR 40-61.**

d. In conjunction with the Army Medical Department Center and School (AMEDD C&S), Directorate of Combat and Doctrine Development, the USAMMA develops the requirements. The OTSG coordinates programming and budgeting from the proper appropriation (OMA, OMAR, OMNG, OPA, or Stock Fund) for procurement of newly developed or significantly revised MES/DES and for Associated Support Items of Equipment (ASIOE).

e. After initial fielding, MACOMs (in addition to OCAR and the ARNG) are responsible for follow-up requisitioning, storing, and maintaining those MES/DES and equipment authorized to be on-hand in TOE units or TDA activities. MACOMs program and budget for replacement of consumable and expense equipment components, and for minor changes to MES/DES on hand at TOE units.

**Reference AR 40-61 dated 25 January 1995, Section I, Abbreviations Glossary.

SECTION I - INTRODUCTION

4. EXPLANATION AND USE OF COLUMNS.

The following information is a brief description of the contents and layout of data provided to user(s) of this Supply Catalog:

a. ACT (Action Code). A one-position alphabetic code that records the action taken in a component list/hand receipt. They are defined as:

- | | |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| C (CHANGE) | Indicates a change to the AMDF unit of issue, set measurement quantity/ unit of issue, ARC, or Remarks Code since the previous publication. |
| D (DELETION) | Indicates the NSN has been deleted and not replaced. |
| N (NEW) | Indicates the NSN was not previously included in the basic publication or changes. |
| R (REPLACEMENT) | Indicates the NSN has been replaced or changed. |

b. ILLUSTRATION/NATIONAL STOCK NUMBER (NSN). Not all the NSNs in this SC are represented by an illustration. The items that have an illustration show an illustration number in the "ILL NO" column of Section II, Component Listing/Hand Receipt (CL/HR). For easy reference, the illustration number is also listed under each illustration.

(1) The illustrations may not be exact representations of the items in the assemblage since the products of the various manufacturers may vary in appearance. The statement "ITEM NOT ILLUSTRATED" indicates that an illustration should not appear in the area given for the NSN.

c. ITEM DESCRIPTION. The item descriptions are listed in alphabetical sequence by item name with additional descriptive information required for identification.

(1) The first description shown is that of the MES/DES. Subsequent descriptions are for the components by item names in alphabetical and ascending size sequence within each Accounting Requirements Code (ARC) group {i.e., Nonexpendable (N), Durable (D), and Expendable (X)}.

(2) In addition to individual items, a major Unit Assemblage (UA), referred to as the "parent" UA, may contain a minor UA, referred to as "Level 1" UA. These Level 1 UAs consist of individual items and possibly other minor UAs referred to as a "Level 2" UA. The following procedures have been implemented to identify the components of the Level 1 and Level 2 UAs within the parent UA. All Level 1 and 2 UA components will be displayed in the ARC sequence.

(3) All Level 1 and 2 UAs will be displayed in the normal ARC/alphabetical sequence. The NSNs of Level 1 and 2 UAs and their components will not contain dashes.

(4) Each Level 2 UA and its components will be identified with an alpha code next to the NSN. The first Level 2 UA will be assigned the letter "A." The second Level 2 UA, if any, will be assigned the letter "B", etc. The remaining Level 1 components will continue after the last component of the Level 2 UA.

(5) In some instances a parent UA will have another major UA as its component. The components of the UA will be displayed in the same ARC sequences and its component NSNs will not contain dashes.

(6) The remaining parent Level UA components will follow the last component of a Level 1 or Level 2 UA. This parent UA component can readily be identified by dashes in the NSN.

(7) Manufacturer's code, part number, and/or the applicable specification references follow the description, when applicable.

SECTION I - INTRODUCTION

d. RMKS (REMARKS). Space reserved for notes, which are explained in the "Special Information" paragraph.

e. ARC (ACCOUNTING REQUIREMENTS CODE). This is a one-position alphabetic code that identifies the way an item is accounted for by the Army. One of the following codes must be entered here.

N - NONEXPENDABLE This code identifies items, which are not used up and keep their identity throughout their life and must be accounted for in the property book.

D - DURABLE This code identifies items that are not used up. These items keep their identity throughout their life. Items identified by this code are accounted for by hand receipt or other similar document.

X - EXPENDABLE This code identifies items that will be used up. These items do not need to be entered on hand receipts; however, preprinted hand receipts list expendable items for information purposes only.

f. CIIC (CONTROLLED ITEM INVENTORY CODE). This is a one-position alphabetic/numeric code that indicates the security classification, security risk, or pilferage controls required for storage and transportation of DOD assets. *DA PAM 710-2-1* identifies those items that must be inventoried monthly. The CIIC code applicable to components of this SC unless otherwise indicated in the CIIC column, is U (UNCLASSIFIED).

g. UI (UNIT OF ISSUE). This is a two-position code that shows the smallest quantity that an item can be requisitioned and issued.

h. QTY AUTH (QUANTITY AUTHORIZED). This is the quantity authorized to be on hand for each end item or component of an end item.

i. QUANTITY ON HAND (A Thru F). These columns are for the actual quantity on hand for each component listed.

5. ABBREVIATIONS:

Standard abbreviations are listed in *AR 310-50 (Authorized Abbreviations and Brevity Codes)* and the *DoD Medical Catalog, Introduction (Authorized Abbreviations Referenced to Terms)*. Some words will be truncated (with vowels removed that do not meet the above references) in order to fit a limited-space nomenclature field. Army acronyms used in this SC are defined in *AR 40-61, Glossary, Section I Abbreviations*. Nonstandard abbreviations used in this publication are given in the following lists:

SECTION I - INTRODUCTION

Abbreviation	Explanation	Abbreviation	Explanation

SECTION I - INTRODUCTION

6. SPECIAL INFORMATION.

a. The items listed in Section III of this SC beginning with Page III-003 are ASIOE end items dedicated to the operation and/or maintenance of this medical/dental assemblage.

b. ASIOE are separately documented into TOE/The Army Authorization Documents System (TAADS) and are not to be considered components of this medical/dental assemblage.

c. They are listed in this section for information purposes only and do not constitute an additional authorization. Total authorization is reflected on the Unit's MTOE.

d. To assist physicians in prescribing items initially supplied with this set, a Therapeutic Index constructed in accordance with the American Hospital Formulary Service (AHFS) is provided in section IV. The Therapeutic Index may not be required for all SCs. This index lists the FSC 6505 components of the major assemblage with a therapeutic classification in NSN sequence within each therapeutic class.

NOTE: This SC does not have a Section IV.

e. Permission to use the Pharmacological-Therapeutic Classification Systems of the AHFS has been granted by the American Society of Hospital Pharmacists. The Society is not responsible for the accuracy of transpositions, or additions, or excerpts from the original context. For complete information concerning all drugs, consult the AHFS, copyright 1959-1996, American Society of Hospital Pharmacists, Inc., All Rights Reserved.

f. REMARKS COLUMN: The symbols shown in the Remarks Column apply to this SC only and include the following:

- F Subject to Damage by Freezing
- G Requires refrigeration between 2 degrees to 8 degrees Centigrade (35 degrees to 46 degrees Fahrenheit)
- I Flammable or Oxidizing
- P Potency-Type Items

g. COMPONENTS LISTINGS.

(1) To support Army Medical Department Activities, the USAMMA also provides disks for UA component listings in lieu of hard-copy versions. For each UA requested, the disk will consist of UA information contained in the following ways:

- Text/raw data file,
- Report File (which is in the same four-section format as the current hard-copy component listing), and
- An Excel file.

A brief instruction guide on "How to Access and Print the Information" is included on the disk. This guide contains the data record layout of the Text file allowing the user to merge the data with existing software of either Lotus or Access.

(2) Activities that have automated capabilities and choose the disk method, should send their complete address and UIC along with all UAs authorized under that UIC to:

Commander
U.S. Army Medical Materiel Agency
ATTN: MCMR-MMO-AS
1423 Sultan Dr., Suite 100
Fort Detrick MD 21702-5001

SECTION I - INTRODUCTION

(3) Component authorizations are published in medical materiel set computer listings available from the USAMMA and in the appropriate supply catalog (SC 6545-8 Series). Revisions to components are published on the USAMMA web site - www.usamma.army.mil/.

(4) Publication of current component set authorizations constitutes authority for updating assemblages in respective units and serves as the authorization document of assemblage components.

(5) Commanders of DEPMEDS Units will continue to utilize the UA list initially fielded with the unit until authorized for update by the USAMMA. This may result in the use of several UA listings with different dates for different assemblages until a new upgrade of the set is provided by the USAMMA.

(6) Commanders who do not have automated capabilities and need the hard copy listings should continue to request a current-UA listing by submitting requests through e-mail to:
usammacrm@amedd.army.mil
or writing to:

Commander
U.S. Army Medical Materiel Agency
ATTN: MCMR-MMO-AS
Fort Detrick MD 21702-5001
Telephone DSN 343-4309
COMM 301-619-4309

The request should identify the specific NSN for medical set(s) required. In addition on the request, you may also identify the UA, Nomenclature, or LIN.

h. AMDF INCOMPATIBILITIES. If catalog incompatibilities are discovered between this publication and the AMDF (Army Master Data File), the latter will govern.

i. SECTION VI - NSNS DELETED FROM PREVIOUS PUBLICATIONS AND APPLICABLE REPLACEMENTS.

(1) This Section, if applicable, appears in all editions subsequent to the initial edition of the Supply Catalog.

(2) It includes all deletions and replacements made to Section II since the previous edition.

7. ACCOUNTABILITY.

a. Page II-003, Section II (FROM:) identifies the element from which the property is issued. Enter the name of the organization, unit, section, or squad that issues the property.

b. The block (TO:) identifies the element to which the property is issued. Enter the name and rank of the person receiving the property. TOE/MTOE paragraph, line number, and job title may be added as optional information.

c. HAND RECEIPT NUMBER: Enter a locally assigned number.

d. END ITEM STOCK NUMBER: Enter the NSN of the MES/DES.

e. END ITEM DESCRIPTION: Enter a short description of the MES/DES.

f. PUBLICATION NUMBER: SC Number.

g. PUBLICATION DATE: SC Effective Date.

h. QUANTITY ON HAND: These columns are for the actual quantity on hand for each component listed.

(1) Enter the quantity on-hand for each component listed. Line out all unused blocks in columns with recorded quantities.

SECTION I - INTRODUCTION

(2) Advance all quantities to the next column when quantities change. Quantities must be advanced when changing hand-receipt holders.

(3) The person receiving the property will sign, enter his/her rank, and date the proper quantity column on the last page (ink entry). The last page is the last-numbered page and may be an odd or even number. The last page may be reserved for signature only. (The original page will have an original signature; the copy may have a duplicate/reproduced signature.)

8. TRANSPORTATION INFORMATION.

- a. Supplies will be packed in containers suitable for operations under field conditions.
- b. Packages or containers will ordinarily be of such size and weight as to permit the required handling
- c. When practicable, crating will be such as to permit equipment to be readily accessible by removing the front, side, or top of the container.
- d. To reduce the overall bulk when this assemblage is packed by the Depot, any empty chests that appear as components on the equipment list will be utilized wherever possible as shipping containers.

- e. The following information is applicable to this MES/DES.

Total Weight and Volume of this MES/DES:

Weight:	681.587
Volume:	87.865

9. POWER REQUIREMENTS. An external power source is required to support this MES/DES. The following NSNs operate on 115V, single-phase power with wattage requirements as shown:

NOTE: THIS SUPPLY CATALOG DOES NOT CONTAIN ANY POWER REQUIREMENTS.

10. REPORTING ERRORS AND RECOMMENDING IMPROVEMENTS.

- a. You can help improve this publication. If you find any grammatical or publishing errors please let us know. Mail your letter or DA Form 2028 (Recommended Changes to Publication and Blank Forms) direct to:

Commander
 US Army Medical Materiel Agency
 ATTN: MCMR-MMO-AS
 1423 Sultan Dr., Suite 100
 Fort Detrick MD 21702-5001
 or via e-mail to:
usammacrm@amedd.army.mil

- b. To recommend any additions or changes to the set components, you must also submit the DA Form 2028. Mail the Form, to include justification, to:

Commander, AMEDD Center and School
 ATTN: MCCS FC
 1400 East Grayson ST
 Fort Sam Houston, TX 78234-6123
