**UAs: 504B, N504, N704**

**USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301**

**UNIT PRICE: \$1,505.44**

**System Description:** Ice Maker with bin, cube-style, undercounter, air-cooled, self-contained condenser, approximately 238-lb production/24 hrs, 74 lb. built-in bin, full-size cube, EnerLogic™ Technology.

**Features:**

- Integrated Storage: Ice making and storage in one small ice machine that fits under most counters
- Superior Construction: Ice-O-Matic ice makers are constructed from durable stainless steel on the inside and a combination of stainless steel and industrial-grade finger-print proof molding on the outside.
- Cuber Evaporator: Ice-O-Matic combines a copper core for superior conductivity with electroless nickel plating to resist the damaging effects of water and ice over an extended period of time.
- Pure ICE®: Built-in antimicrobial protection for the life of the ice maker prevents bacteria and slime fungus growth. Ice-O-Matic's optional water filtration system provides protection against unpleasant tastes, odors and scale formation.
- Harvest Assist: Consistent Ice production 24/7 by pushing the ice into the bin rather than waiting for gravity to overpower the scale.
- Filter-Free Air: No air filter to clean or change.
- 7-Year Warranty: Purchase an Ice-O-Matic water filter with a new Ice-O-Matic ICE Series Cube Ice Maker, replace the water filter cartridge every 6 months, and the evaporator warranty is extended to 7 years -- parts and labor (available in the USA and Canada only).
