System Description: Refrigeration for Health, Science, and Industry. Durable commercial grade construction assures dependable performance and long operational life.

Models cool quickly and efficiently to avoid temperature fluctuations that can result in failure of expensive research, misleading test results, or weakened medicines, vaccines, and reagents.

General purpose undercounter models are Commercial UL and CUL listed. Hazardous location and flammable material storage models have appropriate UL listings. All refrigerators use non-CFC R134a refrigerant.

General purpose models can be built into casework and under lab benches.
