

## LIGHT FIBEROPTIC

**MANUFACTURER: BIOQUIP PRODUCTS**

**Manufacturer Model# 6101B**

**Manufacturer's PHONE: (310) 667-8800 FAX: (310) 667-8808**

**Manufacturer's Website: <http://www.bioquip.com>**

**AAC 'L' ITEM NSN 6032-01-467-6684**

**UAs: 215B**

**USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301**

**UNIT PRICE: \$637.00**

**System Description:** This fiberoptic light provides cool, intense light that permits close, detailed work and avoids drying out specimens under examination. Self-supporting light guides provide electronically isolated white light. Chromeplated gooseneck channel sheathing allows precise placement of light output. A fan cools the unit, allowing the light source to be used for extended periods of time.

A rheostat controls light intensity from 20 to 150 watts to provide the exact level of illumination needed. Focusing lenses at the tips of the light channels allow variable light spot adjustment, or may be removed for diffused illumination.
