**UNIT PRICE: \$5,979.24**

**System Description:** The multi-channel infusion system brings clinical versatility to drug infusion technology. The instrument combines three independent infusion channels with features like dose rate calculation and portability in a small, compact size.

- Features:**
- A small, compact size and lightweight design
  - Reduced bedside clutter
  - Accuracy - delivers intravenous, intra-arterial, epidural and subcutaneous applications
  - Flexibility - delivers a wide range of fluids from various containers, including syringes, utilizing a syringe adapter set
  - Versatility - able to travel with patients in the field and throughout their hospital stay, meeting a wide range of infusion needs; unique clamping system allows pump attachment virtually anywhere
  - Set-based free-flow protection - SmartSite® needle-free valve ports and standard injection ports are available
  - Dose rate calculation, single-page programming, selectable drug library and titration of drugs by the user in either dose or volumetric rate

**NOTE: Only one Field Maintenance Software & Drug List Editor Kit will ship per 100 units OR one with each order placed -- not one with each unit purchased.**
