System Description: The Root ZX II is lightweight and features an expanded, easy to read display screen. A new PC board, utilizing superior technology, produces unmatched clinical accuracy rates, not affected by the presence or absence of blood, other discharges, or electrolytes. The action of the meter in the display corresponds exactly to the tactile sensation of using the file. The base of the unit has also been modified for greater stability during procedures. Other features include: slim, lightweight file holder, no zero-adjustment, automatic calibration, battery power indication and automatic power off function. The unit has an independently evaluated accuracy rate of 97.5%.

- Features:**
- Automatic calibration
 - Ability to work in wet canals
 - Easy to read display screen
 - Upgrade option to Low Speed Handpiece
