AAC 'L' ITEM NSN 6530-01-535-6510

UAs: 268B

USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301

UNIT PRICE: \$280.00

System Description: The RAMMP-WM (Rapid Access Modular Medical Panel, Wound Management) is designed to integrate with all military aircraft, ground vehicles, and fixed or temporary facilities. The Panel provides organized storage with immediate access to medical equipment and supplies. The RAMMP-WM panel is PALS covered so medical operators can add or reconfigure pouches to suit mission needs. Pouches are configured on a hanging panel which conceals a bellows pocket and internal slots for long items and cervical collars. Systems focus on tactical deployment flexibility and adaptability to any circumstances where medical aid will be administered. The Panel itself and each modular pocket are marked with removable, low light visible labels. Custom Nametapes available at additional cost. Panel can be rapidly employed to perform "tail gate" medicine wherever trauma care is required on the battlefield. Designed to USASOC (United States Army Special Operations Command) specifications.

- Features:**
- MOLLE (MODular Lightweight Load-carrying Equipment) compatible
 - Constructed of 1000 Denier DuPont Cordura Plus fabric, double layered
 - 138 weight bonded nylon parachute harness thread
