USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301

UNIT PRICE: \$1,389.00

System Description: The Marco LM 101 Standard Lensmeter is well suited for measuring soft and hard contact lenses as well as conventional spectacle lenses, for laboratory or office use.

Features:

- A classic design with solid construction utilizing brass and stainless steel components to help prevent premature wear and maintenance
- Full 90-degree adjustable inclination to accommodate measurement of contact lenses
- A discriminating optical system combined with an American style cross-line target produces clear, crisp images
- Standard compensating device measures high degrees of prism
- Acceptable for everyday or heavy laboratory use
- Power wheels located on both sides to accommodate any user
- Standard lens stop accommodates both hard & soft contact lens as well as conventional lenses with a 30 - 90 mm diameter
- External power and axis measurements easy to read
- Self-inking marketing pins eliminate messy and continuous re-inking
