**AAC 'L' ITEM NSN 6670-01-598-8615**

**UAs: 219B**

**USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301**

**UNIT PRICE: \$4,018.00**

**System Description:** Whether you are carrying out a simple routine task or a complicated weighing procedure, this precision balance offers a winning combination of strong performance and increased productivity thanks to the fast settling time and consistently reliable results. With the added advantage of proven MonoBloc weighing technology and FACT – fully automatic time and temperature-controlled internal adjustment – the new generation of this balance provides a visually attractive support for everyday weighing tasks.

**Features:**

- Robust aluminum housing - The robust housing made of high-quality aluminum protects the sensitive sensor from environmental influences and impacts. It is also resistant to chemicals. For guaranteed consistency and precision year after year – even with intensive use.
- MonoBloc inside - MonoBloc, the proven high-performance weighing cell developed by world leader in weighing technologies, METTLER TOLEDO, guarantees a long service life and extreme ruggedness.
- User-friendly operation - The HCD (High Contrast Display) with big numbers, clear symbols and an intuitive menu enables users to operate the balance quickly and easily. And with three freely programmable SmartKeys, routine tasks can be started at the touch of a button.
- Once level, always level - In addition to the adjustable feet at the front, the balance is equipped with LevelLock feet at the back, providing increased safety and anti-tilt capabilities.
- Weighing in 16 different units
- Taring over the entire weighing range
- Be adapted to the environment
- Applications for:
  - Piece counting
  - Percent weighing
  - Dynamic weighing
  - Check weighing
  - Free factor
  - Statistics
  - Formulation
  - Totaling
