## DEPARTMENT OF THE ARMY SUPPLY BULLETIN

### Army Medical Department Supply Information

Headquarters, Department of the Army, Washington, DC 20310-2300

20 September 2013

Effective until rescinded or superseded

DISTRIBUTION STATEMENT A: Approval for public release; distribution is unlimited.

Printing of this information does not constitute endorsement of the product, manufacturer, or the use of any related item thereof by the US Army.

#### REPORTING ERRORS AND RECOMMENDING IMPROVEMENTS

If you find any mistakes, or you know a way to improve this publication, please let us know. Mail your DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to the US Army Medical Materiel Agency, ATTN: MCMR-MMF-C, Fort Detrick, MD 21702-5001. If you prefer using e-mail, please address it to: [usarmy.detrick.medcom-usamma.mbx.crm@mail.mil](mailto:usarmy.detrick.medcom-usamma.mbx.crm@mail.mil).

SECTION I - Introduction to SB 8-75-S9.....	1-1
APPENDIX A- 2013 Listing of Book Set Components by National Stock Number (NSN) Order .....	A-1
INDEX - .....	IN-1

#### NOTICE

This issue of the DA SB 8-75-S9 is devoted entirely to the Components of Book Sets for Medical TOE Units and supersedes any previous editions.

---

## SECTION I - INTRODUCTION

---

### I-1. AUTHORIZATION FOR MEDICAL BOOK SETS

a. Authority for the acquisition of medical book set assemblages appears in the following types of authorization documents:

(1) *Common Table of Allowance (CTA) 8-100*, Army Medical Department Expendable/Durable Items contains the Basis of Issue (BOI) for all medical book sets authorized.

(2) As special purpose medical book set assemblages when authorized by The Surgeon General (TSG).

b. The Commander, US Army Medical Department Center and School (USAMEDD C&S) is responsible for determining the components of each medical assemblage to include medical book sets. Medical book sets are cyclically reviewed every three years to coincide with the medical assemblage reviews and the updated book set listing is published in the annually updated Supply Bulletin (SB) 8-75-S9.

### I-2. LISTING(S) FOR BOOKS

a. The Defense Logistics Information Service (DLIS) assigns National Stock Numbers (NSNs) for book sets. NSNs are then incorporated and published in the Universal Data Repository (UDR) CD-ROM, the Federal Logistics Information System (FEDLOG), and the Medical Services Information Logistics System (MEDSILS).

b. Appendix A identifies each book set by section/branch, title, author, publisher, price, and the number of copies required. For reference purposes, the listing of the component volumes is divided (or separated) by specific medical categories and is in NSN order.

c. Edition numbers and publication dates are based on the latest available information. The price of each book is subject to change without prior notice.

(1) "Varies" in the price column of Appendix A means the cost is subject to change.

(2) "N/A" in the price column of Appendix A means Not Applicable for that publication. That is, there is no cost incurred from the publisher. Units are responsible for printing and/or copying to some form of removable media.

### I-3. ACQUISITION OF MEDICAL BOOK SETS

a. Activities shall requisition (as required) book sets listed in Appendix A from the Defense Logistics Agency – Troop Support (previously known as Defense Supply Center Philadelphia), Philadelphia, PA. Book sets are not listed as components of other assemblages. As necessary per mission requirement, Commanders may increase the number of text manuals within any specific book set as long as the required minimum number is maintained in the assemblage. Management of medical book sets is accomplished through normal supply and property-accountability procedures.

b. Activities will submit requisitions to meet the following conditions:

(1) Initial Issue for Units. Supply personnel may requisition book sets as authorized by *CTA 8-100*.

(2) Security Assistance Program (SAP). The US Army Medical Materiel Agency (USAMMA) will coordinate with DSCP for inclusion of appropriate book sets with major medical assemblages destined for an SAP country.

#### **I-4. MAINTENANCE OF BOOK SETS**

Units may update book sets or reference manuals on an as-needed basis as reflected in the current *SB 8-75-S9*.

**NOTE: An entire book set may NOT need to be purchased if individual books need replacing.**

#### **I-5. REPLACEMENT BOOKS**

a. All active Army, Army Reserve, and National Guard Units requiring individual reference books to replace exhausted, outdated, or lost volumes (or as additions to book sets), may obtain these by submitting requests to their supporting medical supply activity. Requests should always specify that the "Latest Edition" is required. For specific local procedures, the supporting medical supply activity should be consulted (see paragraph d(2), below).

b. When purchasing replacement books, order the most current edition to ensure receiving the most recently published copy.

c. When ordering Field Manuals (FM), Technical Manuals (TM), or any other Army publication, request the most current edition from the US Army Publishing Directorate (USAPD), Alexandria, VA, at their Website (<http://www.apd.army.mil/>) or other appropriate Website. Requests may also be routed through the unit's BN Administration Office (S-1).

d. Within the Continental United States (CONUS) and Outside the Continental United States (OCONUS) medical supply activities may obtain individual medical reference books through one of the following procedures:

(1) The Government Purchase Card (GPC) - formerly known as International Merchant Purchase Authorization Card (IMPAC) – order through:

DLA-Troop Support, Medical Emergency Supply Operations Center (ESOC)  
and Customer Service Center  
Telephone DSN 444-2112 or Commercial 215-737-2112  
(use *Option 1* to contact ESOC/Customer Service)  
Telefax DSN 444-2666/Commercial 215-737-2666

Books may also be purchased through:

Matthews Medical and Scientific Books, Inc.  
Telephone 314-432-1400

(2) Local Procurement: Books may be purchased through local procurement (*AR 40-61*, Section VI, Chapter 3, para 3-34). OCONUS Units/Activities have the option to submit a non-standard requisition, Document Identifier Code (DIC) A05, with exception data to DSCP, Routing Identifier Code (RIC) S9M.

#### **I-6. DISPOSITION OF OBSOLETE, UNSERVICEABLE, AND EXCESS MEDICAL BOOKS**

a. Activities will dispose of obsolete, unserviceable, and excess medical books in accordance with *AR 25-1* and *AR 735-17*.

b. Overseas activities may release obsolete, unserviceable, and excess medical books to host nation medical facilities.

#### **I-7. POINT OF CONTACT (POC)**

Any recommended changes to the components of the medical book sets or forms will be submitted to the address show below. A justification for any change(s) must be provided in official memorandum format to:

US Army Medical Department Center & School  
Directorate of Combat & Doctrine Development (DCDD)  
ATTN: MCCA-FC-OL  
2377 Greeley Road, Suite H  
Fort Sam Houston, TX 78234-7731  
Telephone DSN 471-1260 or Commercial 210-221-1260
